

# Benefits & Compensation Guide

Northlight Analytics | People Operations | Updated for Plan Year 2026

## Health Insurance

Northlight Analytics covers 100% of the employee premium and 70% of dependent premiums for medical, dental, and vision plans. Coverage begins on the first day of the month following your start date.

| Plan                 | Employee Cost | Dependent Cost (monthly) |
|----------------------|---------------|--------------------------|
| Medical - PPO        | \$0           | \$180                    |
| Medical - HDHP + HSA | \$0           | \$140                    |
| Dental               | \$0           | \$25                     |
| Vision               | \$0           | \$12                     |

## Retirement

- 401(k) available immediately upon hire through Guideline.
- Company match: 4% dollar-for-dollar, vesting immediately.
- Contribution changes can be made at any time through the Guideline portal.

## Paid Time Off

- Flexible PTO policy - no fixed accrual cap, minimum 15 days per year strongly encouraged.
- 10 company-wide holidays, published annually in the shared team calendar.
- Winter break: company-wide closure between December 24 and January 1.
- Sick leave is unlimited and does not need to draw from PTO.

## Parental Leave

Primary caregivers receive 16 weeks of fully paid leave; secondary caregivers receive 8 weeks. Leave can be taken continuously or split within the first 12 months after a birth, adoption, or foster placement.

## Learning & Development

- \$1,500 annual learning budget for courses, books, or conferences.
- Manager approval required for spend over \$500 in a single request.
- Internal mentorship program open to all employees after 6 months tenure.

## Compensation Bands

Compensation is set using leveled bands benchmarked annually against remote-first companies of similar size. Bands are reviewed every March and adjusted for market movement; individual raises are discussed during mid-year and annual review cycles.

## **Equity**

Full-time employees are granted stock options as part of their offer, vesting over 4 years with a 1-year cliff. Refresh grants are considered annually based on performance.
